

Champion Central Earns Hall of Fame Visit

by Cheryl Kirk, Principal Champion Central Elementary

Champion Central Elementary staff was recently notified by the Ohio Association of Elementary School Administrators that the school has earned a "site visit" from the Ohio Association of Elementary School Administrators for consideration of becoming a Hall of Fame school.

Champion Central submitted an application this fall to OAESA for consideration of Central Elementary as a Hall of Fame School. Applications were read and scored with Champion Central selected as one of the two highest scoring schools in its zone. The Hall of Fame Award is presented to schools based on student achievement progress, parent involvement, variety of services and offerings for students including character education programs. It is a competitive award

We are proud of our staff and students and for being selected by OASESA for a review visit and hopefully selection as a Hall of Fame school.
