

# Kindergarten Screening Health Notes

Rebecca Bucco RN, MSN, NCSN  
Champion School Nurse

## Immunization Requirements: School year 2021-2022

- DPT- 5 doses of DTaP, DTP, or DT, or any combination, if the fourth dose was administered prior to the 4<sup>th</sup> birthday.
- Polio- A minimum of 3 doses. The final dose must have been given on or after the 4<sup>th</sup> birthday, regardless of number of previous doses.
- MMR- 2 doses of MMR. Dose 1 must be administered on or after the first birthday. 2<sup>nd</sup> dose 28 days after dose 1.
- Hepatitis B- 3 doses of Hepatitis B
- Varicella- 2 doses of varicella (chickenpox)vaccine must be administered prior to entry.

Information is from the ODH website at [www.odh.ohio.gov/odhPrograms](http://www.odh.ohio.gov/odhPrograms)

All immunizations need to be completed by the 14<sup>th</sup> day of school. After that date, any student not meeting the immunization requirements will be excluded from school by state law.

NOTE: Please be sure you turn in a **current** immunization record, showing all vaccines your child has received.

## Health History:

- You will fill out final forms yearly and update throughout the year. This will keep the school aware of any health changes regarding your child.
- If your child has a medical concern, please see the school nurse at screening.

## Kindergarten Screening Day:

- I will be screening for distance vision, Random Dot E (to see if eyes are working together) and color blindness in males. I also will record height and weight.
- If there is a deficiency in a test you will be notified within a few weeks of screening. This way, you can address the issue early in the start of your child's education.

Any questions please call Mrs. Bucco at 330-847-2323.
