

A Message from Champion Local School District:

December 4, 2020

Attention Students, Parents, and Family Members,

As our new remote learning schedule has begun, we know there will be challenges for families during this at-home learning.

1. All direct instruction lessons are being recorded by our teachers. The links to the teaching material will be available in Google Classrooms to students and parents the next day for all scheduled direct instruction if an issue arises where the students cannot get on or cannot attend.
2. All teachers will continue to post lesson plans in Google Classrooms for the upcoming week by 12:00 P.M. on Mondays for all parents and students to use as a guide. Teachers may change or update their plans throughout the week based on students' needs, and teachers will give the students and parents at least 24 hours notice of the change in plans in order to plan for the modification.
3. Teachers have built in flexibility for the completion of assignments in their weekly plans. If your family has technical issues or another valid reason for not completing the assignment by its due date and time, please contact the teacher as soon as the issue arises by email for their consideration.
4. Technology issues may arise and cannot be easily diagnosed. Many times restarting your chromebook or device will alleviate the issue. If this does not resolve the problem, feel free to use the contact phone number below during the school day to speak to one of our technical assistants. If your issue is occurring after school hours, or you do not have access to a phone, you may email your issue to tech@championlocal.org and one of our technicians will return your message as soon as possible or the next school day.

Technology Help Line

Families can call ANY building and dial extension 1000 during the greeting to be redirected to the Technology Help Line. During school hours any calls will be forwarded directly to the Champion Local Schools Technology Department. If our technology staff is not available during your call, we encourage you to leave a voicemail and our technology department will get back to you as soon as possible.

Champion Elementary School: 330-847-2315, ext 1000
